

HIGHLIGHTS

The State of the World's Forests 2020

Forestry, biodiversity and people

Launched on 22 May 2020, this year's edition assesses the progress of global targets and goals related to forest biodiversity and examines the effectiveness of policies, actions and approaches in relation to both conservation and sustainable development. For the first time, the report is also available in a device-responsive [html version](#).

ECONOMIC AND SOCIAL DEVELOPMENT

Africa – Regional Overview of Food Security 2019

Containing the damage of economic slowdowns and downturns to food security in Africa

This edition looks at how, despite a recent slowdown in undernourishment, food insecurity is rising in the region due to economic downturns, conflict and climate extremes, and that progress is too slow to meet six key nutrition targets and Zero Hunger by 2030.

FORESTRY

Restoration in Action Against Desertification

A manual for large-scale restoration to support rural communities' resilience in the Great Green Wall Programme

This manual supports the Great Green Wall programme in rural communities by helping stakeholders fight desertification. Built on five-year assessments, it serves a dual purpose of consolidating biophysical operations and supporting socioeconomic assessments.

Also available in [French](#) and [Spanish](#)

92 pages | 210 x 297 mm | ISBN 9789251319475
